Share Your Patchwork!

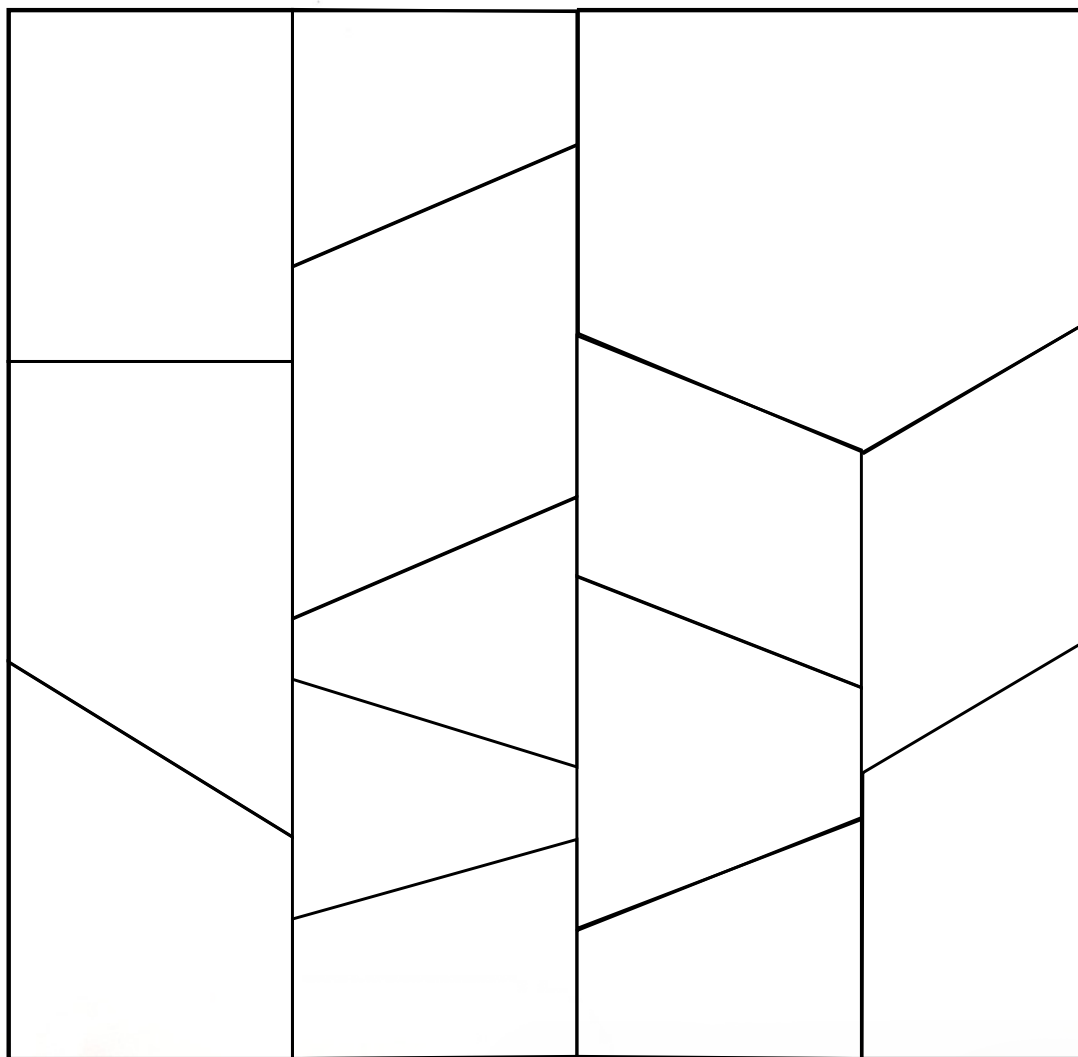

With the help of an adult, cut out the patchwork square below and then write your name on the line. Use this on a bulletin board, poster, or wall to share art drawn in the “Who I Am & Who I Will Be” activity.

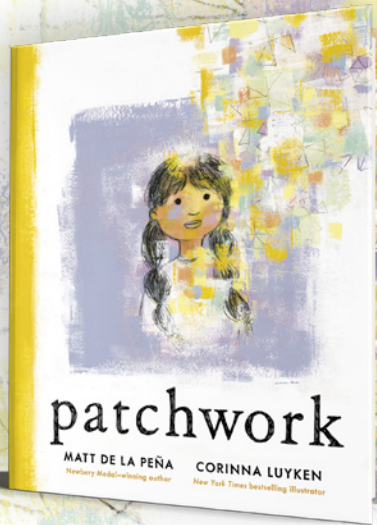

The Patchwork of Who You Are!

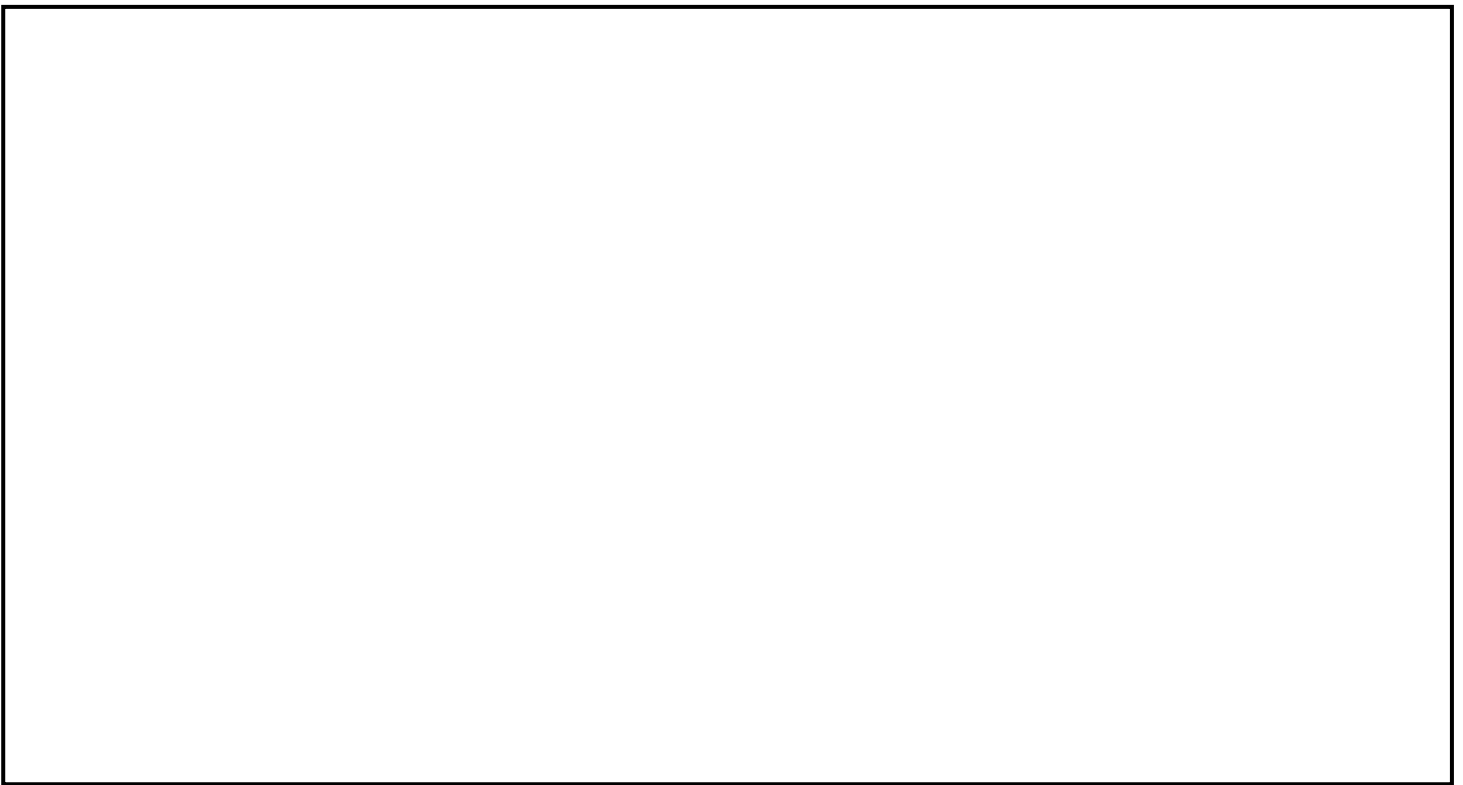

We are all made of mismatched scraps accumulated over time and stitched together. This patchwork makes up the tapestry of who you are! On each patch on the pattern below write down a quality that makes you unique, then color in the patches to make them as beautiful as you.

Who I Am & Who I Will Be

There are many layers that make up who you are. As you grow, you will continue to add more and more layers. These make up who you will be! Draw a picture of yourself in the space below and fill in the blanks to give the world a picture of who you are. Display your art with others using the patchwork square in the “Share Your Patchwork” activity. With the help of an adult, cut out your artwork from the square below.

I am _____.

Something I love to do is _____.

One day I hope to be _____.
